

JESSICA DOUGHERTY

jessicadougherty4321@gmail.com | San Francisco Bay Area, CA

EXECUTIVE SUMMARY

CPA (on last exam) with proven leadership in corporate controllership, SEC reporting, SOX compliance, and multi-entity consolidations for high-growth public companies exceeding \$750M in revenue. Expertise across US GAAP technical accounting, month-end close, treasury, cash forecasting, and financial systems implementation. Founder and CFO of a fractional finance practice delivering controllership, tax planning, and AI-enabled accounting operations.

PROFESSIONAL EXPERIENCE

Scout Quest Education United States · Remote Apr 2026 – Present
Cofounder

- Building a K–5 reading, writing, and AI literacy platform with teacher-approved AI, parent visibility, and student privacy built in.

Fast Insights IO Los Gatos, CA Apr 2024 – Present
Founder / Fractional CFO & Controller

- Deliver fractional CFO and controllership services to small and mid-sized businesses, covering monthly close, bookkeeping, cash and tax planning, financial reporting, and finance system setup.
- Design AI-enabled accounting operations that automate reconciliations, close tasks, and reporting workflows, improving accuracy and turnaround time while maintaining data security.
- Advise high-net-worth clients on estate, cash, and tax planning; prepare and review filings supporting compliance and audit readiness.
- Lead ASC 606 implementation engagements and serve as technical writing advisor on accounting standards.
- Scope internal controls, lead risk assessments, and prepare audit-ready documentation to strengthen financial governance.
- Conduct corporate finance analyses, including scenario and sensitivity modeling, to support client decision-making.

Guardant Health Palo Alto, CA Sep 2022 – Sep 2024
Senior Manager – Global Revenue & Accounts Receivable

- Led global accounts receivable, cash management, and collections for a publicly traded precision-oncology company, owning close, reconciliations, and financial reporting.
- Served as SOX lead for accounts receivable, COGS, revenue, and cash cycles — designing, documenting, and maintaining internal controls and coordinating walkthroughs and testing with internal and external auditors.
- Managed multi-entity consolidations and supported technical accounting and financial systems initiatives throughout the close process.

10x Genomics Pleasanton, CA Sep 2019 – Sep 2022
Senior Manager – Revenue & Accounts Receivable

- Led global accounts receivable and revenue operations, driving SOX compliance, consolidations, and cash planning for a high-growth public company.
- Built and directed the credit department — establishing customer financial reviews, setting KPI-based credit limits, and managing risk through structured approval and prepayment options.
- Owned month-end close, account reconciliations, and audit support; partnered with external auditors on quarterly reviews and annual audits.
- Served as designated systems leader for accounting initiatives, streamlining the close process and strengthening the internal control environment.
- Led first-year adoption and software implementation of ASC 606 revenue recognition, ensuring compliance and operational integration.

Connor Group Technical Accounting and IPO/SOX Readiness San Jose, CA Aug 2018 – Sep 2019
Senior Manager – Audit and SOX Lead

- Led controls scoping and risk assessments to ensure audit readiness and compliance with regulatory standards.
- Advised clients on SOX program design and implementation, strengthening internal control frameworks at a leading technical accounting and advisory firm.
- Managed audit engagements for public and private companies under PCAOB and AICPA standards, including SOX 404 testing.
- Oversaw US GAAP financial statement preparation for technology and biotechnology clients, covering revenue, inventory, cash, ESPP, accounts payable, leases, and Forms 10-K and 10-Q.

Assistant Controller / Director – Accounting

- Directed accounting, FP&A, and multi-entity consolidations for a multinational business, including derivatives, ESPP, and royalty accounting.
- Managed monthly, quarterly, and annual close, financial reporting, and coordination of external audits.
- Oversaw inventory cycle counts and turnover, revenue recognition, general ledger, cash management, accounts payable, and Board reporting packages.
- Supervised the tax manager responsible for sales and use tax, leading an efficiency improvement project.
- Grew and developed the accounting team to expand performance and capabilities.

IBI Group San Jose, CA

2013 – 2015

Controller / Business Manager

- Led full controllership for a regional office, overseeing financial reporting, budgeting, and daily operations.
- Directed a strategic reorganization and downsizing of office locations, optimizing operating costs and resource allocation.
- Managed audit readiness activities and served as ISO 9001 lead, ensuring compliance with quality and regulatory standards.
- Supported the CFO in financial planning, project accounting, and bank-covenant compliance for a professional-services firm.
- Led project planning and job-cost accounting, administering Deltek ERP to optimize project financial tracking.
